

LAGO PRO

**Not just a lamp,
THIS IS A TOOL**

Products fully conceived and manufactured in France.

**The lamp for "technical" outdoor activities,
sailing / yachting, hunting, fishing...**

BOXER 450

The Boxer 450 has a red light anti-glare feature, for optimal night vision without rehabilitation time and a battery gauge to estimate the residual battery life. Set in a robust case, it is light and compact.

LAGO^{PRO}

BOXER 450

4 LED

HIGH LUMINOSITY

TECHNICAL DATA

Lighting Performance:

- 3 Nichia 5mm white LED and 1 Nichia 5mm red LED,
- Light output: 29 lm,
- Lighting surface area: 60m² with white LED and 20m² with red LED,
